

Virtual Family Q&A Sessions: Special Education, School and COVID-19

Join us on the second Thursday of each month, September – December 2020, in a facilitated, open format event where we focus on your child's Special Education Services and school experiences.

We will provide the latest in federal guidelines, and state information on best practices for schools during COVID-19. You will be able to ask questions and share your experiences with other families.

The sessions are offered free of charge; however, registration is required. Space is limited.
