

The Courtyard at East Woods

The Courtyard at East Woods is a unique project that extends learning from the classroom to the courtyard. This outdoor learning space has the potential to provide an environment that is unlike any traditional setting within our schools or community.

The Courtyard design includes areas for outdoor learning, providing amphitheater seating for up to 150 students or community members for plays, reader's theater, music performances, and movies under the stars.

During the school day, the space becomes a unique classroom for innovative outdoor learning, including the study of environment, organisms, plants, math, reading, writing, and weather. The area is also designed for presentations, performances, activities, and events.

This is the first project of its kind that focuses on elementary students! With your help, the Courtyard at East Woods can be a model outdoor facility for innovation, imagination, and learning.

Your participation in the 161 Club will help us reach our goal of raising \$161,000 to make this project a reality. Imagine the excitement or pride your child will feel when they reach East Woods, or when they return for a visit and see your family name on the dedication plaque for perpetuity!

By donating \$161 or more, you will not only help us reach our goal, but you will join others who see the potential of this outdoor learning space and have generously donated to this project such as The GAR Foundation, Hudson Garden Club, Hudson Kiwanis, Hudson PTO, Hudson Community First, and other individual donors.

Your participation in the 161 Club is greatly appreciated! There are other ways to participate in the project as well. Watch for upcoming announcements for family fun fundraisers and other donation opportunities.
