SUBJECT: Student Fees K-8 for the 2019-2020 School Year

Each spring building principals carefully review our student fee structure. In keeping with the intent of Ohio Revised Code (ORC), the student fees supply consumable student materials that directly support our curriculum implementation.

At the April 9, 2012 Board of Education meeting, the Board voted to approve Elementary Student Fees beginning with the 2012-13 school year until changed. It has been seven years at the elementary level, that fees have remained the same. This year we are proposing a $2.00 increase to the K-5 student fees. This increase is to cover the increasing costs of art supplies, classroom periodicals like Time for Kids, individual software licenses for student learning, science supplies, and language arts materials. We have worked as an elementary team to analyze the need and how to best maximize the budget.

Also attached are the fees for the middle school. There is a range of fees depending on which courses students select. The Middle School fees are not uniform because students have the opportunity to take electives. The art electives and the seventh grade science courses have an increase due to supply costs. The eighth grade service learning course will have a fee to help cover the cost of the Hands of Gratitude experience.

We are continuing the activity fees if a student participates in an activity that is supported by a teacher on a supplemental contract (Band, Choir, Orchestra, Power of the Pen, Show Choir, Yearbook, Jazz Band, Drama Club, 4Kids/Student Council). The fee for an East Woods student is $10.00 per activity; a Middle School student, $20.00 per activity. This fee does not include athletics. The activity fee helps defray the cost of these District provided opportunities for our families.

High School fees were approved in January of 2019 with the Curriculum/Course Guide.

I would like to affirm that our teachers and principals are conservative in their requests, while at the same time, they continue to deliver a quality program that requires consumable materials.

If you have any questions, please feel free to contact me.
